Work Experience of ESRM Students

Dear Madam,
Dear Sir,

All students of the European School System have to participate in a two-week work experience (internship) at the end of year 10. They have to present a detailed report about their experience. The same is true for our school, the European School RheinMain in Bad Vilbel, where the work experience is a cornerstone of the career orientation.

Part of the work experience project is that our students are looking for a place to do their internship independently. We would be happy, if the application of our student would find your favour and if you could support them to the best of your abilities during the course of this project. Meanwhile we are happy to answer any questions you might have.

With kind regards,

Dr. Daniella Schmitt
Deputy Director
