Work Experience of ESRM Students in 2027

Dear Madam or Sir,

All students in the European School System have the opportunity to undertake a two-week work experience placement (internship) at the end of Year 11.

During their internship, students are covered by the school's accident insurance through the *Hessische Unfallkasse* in accordance with § 2 Abs. 1 Nr. 8b and § 7 of the German Social Security Code VII (Statutory Accident Insurance).

As part of this programme, students are responsible for finding their own internship placements. We would be delighted if you would consider our student's application favourably and support them throughout this valuable learning experience. The internship provides students with an excellent opportunity to gain insight into the professional world and develop practical skills.

Should you have any questions regarding the internship programme, please do not hesitate to contact us.

With kind regards,

Dr. Daniella Schmitt
Deputy Director
